Pasta Lion Craft

Description: Use different types of pasta to create a roar-iffic lion!

Recommended Ages: PreK – 2nd

Materials:

- Mini bow-tie noodles, rotini, or penne
- Spaghetti noodles
- Yellow construction paper
- School glue
- Orange paint or orange sharpie marker
- Black marker
- Scissors
- **Optional:** Google eyes

Procedure:

1. Using orange paint or an orange (permanent) marker, color half of your bow-tie noodles orange. Leave the other half plain. Let dry.
2. Trace a circle onto your yellow construction paper. Cut out.
3. Glue your google eyes onto your circle, or use your marker to draw on eyes.
4. Draw a triangle nose and a mouth.
5. Break spaghetti noodles in half. Glue 3-4 halves on both sides of your nose to make your lion's whiskers.
6. Once your bow-tie (or alternative) noodles have dried, glue around the lion's face alternating orange and yellow to create the lion's mane.
7. Let dry.
